Title : Let's discover Kenya

Guest : Alice Wanjiru Chomba (Kenya)

Abstract :

Let's discover Kenya, where tradition intersects with modernity and unity thrives amidst diversity. With its diverse landscapes, from the Maasai Mara's sweeping savannahs to Mount Kenya's majestic peaks, Kenya offers a captivating blend of culture, nature, and progress.

It is home to over 40 ethnic groups, and it wears this diversity like a crown, where each tribe serves as a vibrant thread to its identity. Beyond its people, Kenya's landscapes come alive with iconic species like elephants and lions roaming its diverse ecosystems. Amidst all this, Kenya strides confidently into the future, with its capital city, Nairobi, serving as a beacon of progress and innovation.
