Title : Incredible India:
A Journey Through Diversity and Tradition

Guest : Mr Saarthak Budhiraja (New Delhi, India)

Abstract :

In this speech, I will introduce India—one of the world's oldest civilizations and most culturally diverse nations. From its rich history and vibrant festivals to its multi-lingual society and rapidly growing economy, India is a land of contrasts and connections. I will share key aspects of Indian culture, cuisine, languages, and traditions, as well as how modern India balances its deep-rooted heritage with innovation and development. As an Indian student studying in Japan, I will also talk about my personal experiences and perspectives. Join me on a journey to discover the beauty and complexity of Incredible India.
