Title : From Kampala to Osaka:

A tale a Japanese dream.

Guest : Mr. *Pius Emuli Wajega* / パイヤス恵夢里 (エムリワジェガ)

Abstract : This presentation profiles Pius Emuli Wajega, Master Student at The University of Osaka. It provides an overview of Uganda ("The Pearl of Africa"), climate, culture, and economic metrics contrasting its general information with Japan. A portion is dedicated to infrastructure challenges in Uganda. The presentation also details his master's on steel corrosion after Induction Heating (IH) paint-coating removal, presenting results from a 168-day accelerated experiment to access paint coat performance after blistering mechanism. Additionally, beyond engineering, the presentation covers his dedication to voluntary service through the Rotaract Club of Kampala South (Rotary International) and his personal interests, including soccer and photography. It concludes by highlighting insights gained from living in Japan and collaboration opportunities.
