Title : *Africa and Africans in Japan*

Guest : David Olusegun Sotola (Nigeria)

Abstract : My lecture will focus on life, food, music, and other cultural practices across select African countries with a special focus on Nigeria. The lecture will present information on similarities and contrast with Japanese practices. While an aspect of the lecture will look into dimension of Black people in Japan, I will also prepare pictures, images and videos depicting Africans in Japan and the various related issues that underpin multi-culturalism from an African perspective.
