Title : France: A Global Nation
(Exploring the Hexagon and the Overseas Territories)

Guest : Mr. BODENES ALVES DA ROCHA Florian
(France)

Abstract : This presentation aims to explain the presence of French territories around the world. First, I will present the French colonial empire at the time. Second, I will discuss metropolitan France, highlighting four regions (Île-de-France – Paris' Region, Provence-Alpes-Côte d'Azur, Nouvelle-Aquitaine and my area Bourgogne-Franche-Comté) with their cultural and culinary specialties, among other things. Following this, I will discuss French territories around the world, such as New Caledonia, and finally, the impact of French culture on Japan. I hope this is as clear as possible.
